## Testimonial for Mark Stewart, JMS Trade Services

I asked Mark to solve the problems of my leaking kitchen tap, shower and bath.

He re-applied the sealant around the bath, detected the source of the leak in the shower and re-sealed it, and stopped the kitchen tap from leaking.

Mark was punctual and thorough in all aspects of his work.

I wouldn't hesitate to ask Mark to do more work, and would highly recommend JMS Trade Services to anyone.
